House.
Washington, Jan. 19.—After a short
personal explanation by Price the
funding bill came up as unfinished
business.

The amendment requiring the sec-
retary of the treasury to use for the
payment of bonds this year all stand-
ard silver dollars and gold amounting
to over \$50,000,000, now in the treas-
ury for redemption purposes was re-
jected.

Carlisle's amendment requiring na-
tional banks to use three per cent.
bonds as a basis for circulation, was
adopted by a majority of eighteen.

The House passed the funding bill
135 to 124.

Colorado Legislature.

HOUSE.
Denver, Jan. 19.—Dickenson pre-
sented a petition of eight hundred
citizens and taxpayers for the new
company of St. Vrain.

The committee on mines reported
and recommended the passage of
House bill No. 18 in regard to mill
sites.

The Educational committee recom-
mended the passage bill No. 45, in re-
gard to the agricultural college.

The following bills were then intro-
duced and read for the first time.

By Green No. 87, to provide for the
changing of the county seat.

By Ryan, No. 88 to amend the gen-
eral laws in regard to acknowledg-
ments.

By Owen, No. 89, in regard to loca-
tion, sale and leasing of the state
lands.

By Dickson, No. 90, to establish the
county of St. Vrain.

By Aguilera, No. 91, to regulate the
elections in regard to county seats.

By Martinez, No. 92, in regard to
married women.

By Beshore, No. 93, to create the
6th judicial district.

By Hartman, No. 94, in regard to
the sale of public lands.

By Myers, No. 95, to appropriate ten
thousand dollars to improve the cap-
itol grounds.

Senate joint memorials in regard to
taxing the state land was read for the
first time after which a number of
House bills were read for the second
time and properly referred.

Carpenter introduced bill No. 96,
to encourage manufacturers by ex-
empting machinery from taxation for
five years.

Coulter introduced No. 97, to protect
passengers on railroads by giving po-
lice power to conductors.

Berg offered a resolution to the ef-
fect that the bar in the basement of
the building be removed by the ser-
geant-at-arms.

"Nincompoops."

New York, Jan. 19.—The Herald
concludes an editorial on what it
terms "nincompoops." It says the
New York merchants who have been
invited into signing a petition to
the Senate against the Chinese treaty
in the following language: "We hope
their names may be published in or-
der that they may receive the kind
compliments that are due to their pe-
culiar zeal for the American trade."

This evening's evening paper has the
following Washington special. "The
Senate committee on foreign relations
is finding serious objections to the
Chinese treaty in reference to im-
migration. The trouble with it is that
the language is so obscure that it is
susceptible of various interpretations."

It gives the United States the sole
power to regulate the immigration of
laborers making exemptions of other
classes of Chinese citizens. Unfortu-

nately there is nothing in the language
to define what shall be meant by la-
borers. It does not appear whether
merchants or artisans are to be includ-
ed or not. Under the language used
the Chinese government might claim
that cigar makers or laundrymen or
carpenters or expert miners or black-
smiths or any other similar classes were
not debarred from coming here. This
evidently does not meet the difficulty
since the chief objection to the Chi-
nese has come from such trades-
men as carpenters, cigar mak-
ers, shoemakers, etc., cannot com-
pete with Chinese labor. Another
thing has been overlooked as no men-
tion is made to modify the language
so as to be made explicit on these
points even if the matter has to be re-
ferred to the committee for further
consideration by them.

Party Lines.

Washington, January 19.—An an-
alysis of the vote on the passage of
the funding bill to-day shows that the
House divided substantially on party
lines, there being only seven Repub-
licans recorded in the yeas and only
ten Democrats in the nays. The Re-
publicans who separated from their
party friends are Kelly and Smith of
Pennsylvania, Kitcham of New York
Marsh of Illinois, Russell of North
Carolina, and Updegraff and Wash-
burne. The dissenting votes were
given by Aiken of South Carolina,
Belzhoover and Ryan of Penn-
sylvania, Bland of Missouri, Colerick
of Indiana, Ellis of Louisiana, Morse
of Massachusetts, Phelps of Con-
necticut, Smith of New Jersey and Speer
of Georgia. The Pacific Coast repub-
licans were all present, Berry and
Whittaker voting yea, and Davis,
Page, Pacheco and Daggett no. The
republican opposition was based on
the belief that the bill in providing
for three per cent. short time bonds
and certificates is impracticable for
refunding purposes except in so far
as it provides for the compulsory use
of three per cent. bonds as a basis for
National Bank circulation and that
this requirement is unjust and dan-
gerous by threatening the stability
of the currency. Most of the
members who voted yea believed it
a practicable and wise measure but
many votes were given for it because
of an expectation that the Senate will
amend the bill either by increasing
the rate of interest or lengthening the
duration of the bonds.

Canadian Pacific.

Chicago, January 19.—The Tri-
bune's Ottawa special says that the
House of Commons Blake resumed
the debate on the Pacific railroad res-
olution and continued speaking until
eleven o'clock when he moved a gen-
eral amendment to the resolution.
The amendment, which is of consid-
erable length gives a general history
of the question and makes compar-
ison between the contract terms now
being considered and those pro-
posed in 1874. He calls attention
to the onerous provisions of the con-
tract which he contrasts with the offer
of the syndicate and concludes by
asking if the house shall not legalize
the terms of the contract now before
it.

Sir L. Tilley continued the debate
and opposed the amendment.

He was followed by Sir R. J. Car-
wright in support of the amendment.

A vote will probably be taken to-
night.

Percentage of Increase.

Chicago, January 19.—The Tri-
bune's Washington special says Gen-
eral Walker states the percentage of
increase to have been as follows:

Alabama, 26; Georgia, 30; Louisi-
ana, 29; Maryland, 19; Missouri, 26;
South Carolina, 41; Texas, 94; West
Virginia, 39; Florida, 42; Kentucky,
24; Arkansas, 65; Mississippi, 37;
North Carolina, 30; Tennessee, 23;
Virginia, 23; Connecticut, 15; Massa-
chusetts, 22; Rhode Island, 27; Maine,
3; New Hampshire, 9; Vermont 5;
New Jersey, 25; Pennsylvania, 22;
New York, 16; Delaware, 17; Cali-
formia, 54; Illinois, 21; Iowa, 36;
Michigan, 38; Nebraska, 268; Ohio,
19; Wisconsin, 25; Colorado, 383;
Indiana, 16; Kansas, 173; Minnesota,
77; Nevada, 46; Oregon, 92; Arizona,
319; District of Columbia, 35; Mon-
tana, 90; Utah, 66; Wyoming, 128;
Dakota, 854; Idaho, 114; New Mexi-
co, 29; Washington, 213.

Diphtheria.

St. Johns, Jan. 19.—Diphtheria is still
raging on Grand Manana. John
Meggs recently lost eight children by
the terrible scourge within a few
days.

Increase of Stocks.

New York, Jan. 19.—It is rumored
that the Chicago & Alton road will
declare a fifty per cent bond dividend.
An advance up to the highest point
ever known comes from the eastern
directors and reports the scheme of
increasing the stock and paying off
the government bonds.

The telegraph shares advanced for
known reasons although to-day's ac-
tion did not reach.

The directors of the U. P. road to-
day unanimously agreed to increase
their stock \$10,000,000 to be offered to
stockholders on February sixth at par
in proportion to one share of the new
to five of the old. This stock is issued
to provide money for the extension
and increasing facilities.

A Pioneer Dinner.

New York, January 19.—Among
the old Californians present at the
pioneer dinner last night as guests
were Josiah Bilden, General Frisbie,
C. J. Murphy, Wm. Riley, Thomas
Goor, and Professor Francis Stewart.
On the right hand of the vice presi-
dent was a chair draped in mourning
for the late president, General Sutter,
who was eulogized in an address de-
livered by J. J. S. Pinney. Henry S.
Mortford delivered an original poem,
"A Word with California Pioneers."
Among other speakers were Pro-
fessor Stewart, J. Baldwin, Beverly
Sanders.

Nebraska Senatorial Contest.

Omaha, Neb., January 19.—In the
United States Senatorial contest at
Lincoln, Neb., Senator Paddock leads
the third ballot to-day giving him 40
votes, 50 being necessary to elect. It
is thought that he will have great
difficulty to pull through as there is a
strong field. Gen Van Wyck received
14, Judge Dundy 11, Judge Post 8,
Judge Mason 9, Judge Weaver 15, and
the rest were scattering. There is
strong talk of the opposition to Pad-
dock combining on Gov. Nance, who
in that event will very likely be elect-
ed. Paddock's friends are making
great efforts.

Heavy Storms in Oregon.

San Francisco, January 19.—Tele-
graphic communication with Portland
has been re-opened after a week's in-
terruption by storms. Heavy rains
have prevailed and the Willamette
river has overflowed and flooded a
large section of country. In Portland
the lower town is flooded and \$50-
600 worth of property destroyed.
The railroads have suffered from
washouts and some bridges been car-
ried away. The total damage in the
valley is estimated at over \$200,000.

More Stringent.

New York, Jan. 19.—The Times
Washington correspondent says that
the governor of Nevada in transmitting
the vote of that state on the Chinese
question to Vice President Wheeler,
accompanied it with a communication
which he desired to be laid before the
Senate with the view of securing
more stringent regulations to Chinese
immigration than in the treaty be-
tween the United States and China,
recently communicated to the Senate
by the president.

Fires.

Michigan City, Ind., Jan. 19.—A
fire this forenoon ravaged the timber
district. The losses will aggregate
\$75,000. Insurance \$41,000.

Lynn, Mass., Jan. 19.—A. B. Mar-
tin's Morocco manufactory burned to-
day. This will throw 300 hands out
of employment. The loss will ex-
ceed \$70,000.

Lynn, Mass., Jan. 19.—The Lanca-
ster factory was partly burned this
morning. The building was worth
\$30,000 and was partly insured.

Regulating the Telegraph.

Albany, January 19.—A bill has
been introduced in the State Senate
providing that it shall be unlawful for
any telegraph company under the
laws of the state to lease sell or con-
vey its property or rights, privileges
or any part thereof to any other tel-
egraph company except when the
lines of such company run wholly to
cities, towns or villages not reached
by such other company.

Railroad Accident.

Chicago, January 19.—By gross
carelessness on the Lake Shore road a
freight engine ran into a passenger
coach at Elkhart, Ind., and broke the
limbs and bruised the bodies of sev-
eral people this morning.

Cable Obstruction.

New York, Jan. 19.—The cable ob-
structions continue and prevent the
coming of market reports.

Colorado Trouble.

Denver, January 19.—This afternoon
a colored man named Hughes shot
John Crow, colored, on account of
jealousy. Five shots were fired, one
lodging in Crow's head, one passing
through his arm and another cut the
flesh from his cheek. The wounds
are not considered dangerous.

Tennessee's Senator.

Nashville, January 19.—The fifth
and last ballot resulted as follows:
Bailey, 21; Maynard, 32; Bates, 24; the
rest have one to six each.

Hard on Wife Beaters.

New York, January 19.—A bill was
introduced in the legislature at Al-
bany to-day to punish wife beaters with
twenty lashes.
